

HV2E-FS Duo Vac Fume Extractor

for a clean - safe work area

Specifications:

Internal Pump:
Incorporates a brushless, maintenance free centrifugal fan motor.

Air Flow:
175m³/hr. per 75mm arm.

Compact Design:
Easily fits under the workbench or in the service/repair center. Weights in at only 14kg. or 30 pounds.

Dimensions:
H=430mm/17"
D=330mm/13"
W=310mm/12"

Voltage:
110V (HV-2E-110-60-1)
230V(HV-2E-230-50-1)

Output:
0.25KW, 1.1 amps.

Noise Level:
<50 db.- Built in silencers

Filter Availability:
Standard Filter:
Pre Filter
XY-76-330003
(3 pcs per pack)

Clean Room Filter:
Hepa Combined Filter
XY-76-A330001

Noxious Fume:
For Adhesives, etc.
4 lb of gas media
P/N HV2E-GF

Warranty:
12 Months (excludes consumption items)

XYtronic High Volume Fume Extraction...

Serving the electronics industry since 1984

.....Shingle Springs, CA. XYtronic-USA is pleased to present the HV2E-FS. This Duo Vac Fume extractor clears air of highly toxic and potentially hazardous fumes commonly found in the soldering work environment. It features 3-stage Hepa filtration, filter sensor, built in silencers and can be supplied with up to 2 arms per system to cover multiple work stations. We offer a variety of nozzles and hoses to choose from, customizing your fume extractor to meet your needs.
